

Paper 1

Questions are applicable for both core and extended candidates

1 Which structure is correctly named?

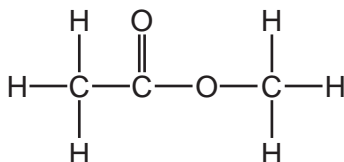

2 Which formula represents ethanol?

- A** CH₃CH₃ **B** CH₂CH₂ **C** CH₃CH₂OH **D** CH₃COOH

Paper 2

Questions are applicable for both core and extended candidates unless indicated in the question

3 The structure of organic compound X is shown.

What is X? **(extended only)**

- A ethyl ethanoate
- B ethyl methanoate
- C methyl ethanoate
- D methyl methanoate

4 The structural formula of compound Q is given.

What is compound Q? **(extended only)**

- A butyl butanoate
- B butyl propanoate
- C propyl butanoate
- D propyl propanoate
