MARK SCHEME

Maximum Mark: 50

---

**Published**

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge International will not enter into discussions about these mark schemes.

Cambridge International is publishing the mark schemes for the May/June 2019 series for most Cambridge IGCSE™, Cambridge International A and AS Level and Cambridge Pre-U components, and some Cambridge O Level components.

This document consists of **14** printed pages.

**PUBLISHED****Generic Marking Principles**

These general marking principles must be applied by all examiners when marking candidate answers. They should be applied alongside the specific content of the mark scheme or generic level descriptors for a question. Each question paper and mark scheme will also comply with these marking principles.

**GENERIC MARKING PRINCIPLE 1:**

Marks must be awarded in line with:

- the specific content of the mark scheme or the generic level descriptors for the question
- the specific skills defined in the mark scheme or in the generic level descriptors for the question
- the standard of response required by a candidate as exemplified by the standardisation scripts.

**GENERIC MARKING PRINCIPLE 2:**

Marks awarded are always **whole marks** (not half marks, or other fractions).

**GENERIC MARKING PRINCIPLE 3:**

Marks must be awarded **positively**:

- marks are awarded for correct/valid answers, as defined in the mark scheme. However, credit is given for valid answers which go beyond the scope of the syllabus and mark scheme, referring to your Team Leader as appropriate
- marks are awarded when candidates clearly demonstrate what they know and can do
- marks are not deducted for errors
- marks are not deducted for omissions
- answers should only be judged on the quality of spelling, punctuation and grammar when these features are specifically assessed by the question as indicated by the mark scheme. The meaning, however, should be unambiguous.

**GENERIC MARKING PRINCIPLE 4:**

Rules must be applied consistently e.g. in situations where candidates have not followed instructions or in the application of generic level descriptors.

**GENERIC MARKING PRINCIPLE 5:**

Marks should be awarded using the full range of marks defined in the mark scheme for the question (however; the use of the full mark range may be limited according to the quality of the candidate responses seen).

**GENERIC MARKING PRINCIPLE 6:**

Marks awarded are based solely on the requirements as defined in the mark scheme. Marks should not be awarded with grade thresholds or grade descriptors in mind.

**PUBLISHED**

**Note 1:** All Examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated. Nonetheless, the content must be clearly related to and derived from the passage.

**Note 2:** Words underlined in the answers to the questions are required for the full mark(s) to be awarded.

| 1(b)     | <p><b><u>Using your own words</u>, explain what the writer means when they say that travelling by bus was 'The most practical option' (lines 5–6).</b></p> <p>of all methods / ways / alternatives / choices (of making the journey) – the bus was the easiest / most achievable / straightforward/suitable</p> <p>(Do not accept 'cheap').</p> | 2     | <p>1 mark for a partial explanation; 2 marks for a full explanation.</p> <p><i>For 2 marks the answer must explain both 'methods' &amp; 'practical'.</i></p>   |
| 1(c)     | <p><b>Give the meaning of the <u>underlined</u> words in the following <u>three</u> phrases as the writer uses them in the passage. Then explain how the phrases help you understand the excitement that the narrator experiences on his trip.</b></p>  |       | <p><i>Examiners should observe the following principles when assessing candidates' responses to this question:</i></p> <p>1 mark for each explanation in own words, up to a maximum of 3. Note that the definitions contain the essence of an answer. Be careful not to credit a word actually used in the quoted phrase. However, accept that candidates may respond in different ways, e.g. at greater length.</p> |
| 1(c)(i)  | <p><b>'sublime' (line 9)</b></p> <p><i>very beautiful / stunning ('beautiful' alone is not sufficient)</i></p>  | 1     | Part (i) requires an explanation of the meaning of the <i>italicised word or short phrase</i> only.  |

| 1(c)     |        |       | <p><i>Examiners should observe the following principles when assessing candidates' responses to this question:</i></p> <p>Part <b>(ii)</b> requires a comment on the effectiveness of the writer's use of language for a particular purpose in the <i>whole phrase</i> quoted and not just the italicised word(s).</p> <p>Credit should be given to responses that attempt to explain how the writer's choice of words/images etc. produces the intended response in the reader's mind.</p> <p>When marking these responses, we are looking for evidence that candidates have some appreciation of the appropriate associations and suggestions in the writer's choice of words. There are, therefore, no specific right or wrong answers to this task.</p> <p>We should award marks on the quality of linguistic analysis shown by the candidate in order to support her/his interpretation of the writer's purpose.</p> <p>It is not necessary for candidates to show knowledge of the names of different figures of speech (simile, metaphor etc.) to produce a successful answer – what we are looking for is an <i>understanding of how</i> the writer uses these literary devices. (See 0 mark descriptor below.)</p> <p>Remember that 2 is the maximum mark for any one explanation and that candidates are likely to comment on each phrase in one or two lines only. This fact should be borne in mind when applying the descriptors in the table above.</p> |

Focuses on the question and on the passage, but uses material simply and partially with an attempt to explain some of the feelings involved. Makes reference to at least two bullet points.   |
|          |   |       | <b>Band 4</b> | <b>3–4</b> | There is some relevance to the question with a tendency to retell the passage rather than to focus on the requirements of the question. Makes simple references to what happened during the trip and what was enjoyable. May be undeveloped or unconvincing comments about the problems. The response is likely to contain much repeated detail from the passage. |
|          |   |       | <b>Band 5</b> | <b>1–2</b> | May retell the passage or give occasional relevant facts. There may be examples of misunderstanding or lack of clarity in attempting to use the passage.  |
