### Question 2

**(a) Identify a word or phrase from the text** which suggests the same idea as the words underlined:

**(i)** Adam did not recall making an informed, planned choice to become a doctor.

..... [1]

**(ii)** When he was training, the idea that he would become a doctor gave Adam the motivation to achieve what he set out to do.

**(b) Using your own words**, explain what the writer means by the words underlined:

Night shifts were an unrelenting nightmare. At night, you're given a paging device affectionately called a bleep, and responsibility for every patient in the hospital. All of them.

**(iii)** responsibility ..... [1]

- (c) Use **one** example from the text below to explain how the writer suggests how difficult it is for Adam to deal with his patients.

**Use your own words in your explanation.**

It's a 'build-your-own-burger' of symptoms layered on conditions layered on diseases. You're a one-man, mobile, essentially untrained A&E department, reviewing an endless stream of worryingly sick patients who, twelve hours earlier, had an entire team of doctors caring for them. It's sink or swim – you have to learn to swim because otherwise a tonne of patients sink with you.

**Question 3**

Imagine you are Adam. After reading your diaries, you **write a letter** to your parents reflecting on your time in medicine and your decision to quit:

In your letter you should explain:

- why you went to medical school and what medical training was like
- the challenges involved in working on the wards as a junior doctor and how you felt about the job at the time
- why you felt you had to give up and your feelings as you look back now.

**Write the words of the letter.**

Base your letter on what you have read in **Text C**, but be careful to use your own words. Address each of the three bullet.

Write about 250 to 350 words.

**Up to 15 marks are available for the content of your answer and up to 10 marks for the quality of your writing.**
