

GCSE MARKING SCHEME

WINTER 2022

**GCSE
ENGLISH LITERATURE – UNIT 1
FOUNDATION TIER
3720U10-1**

INTRODUCTION

This marking scheme was used by WJEC for the 2022 examination. It was finalised after detailed discussion at examiners' conferences by all the examiners involved in the assessment. The conference was held shortly after the paper was taken so that reference could be made to the full range of candidates' responses, with photocopied scripts forming the basis of discussion. The aim of the conference was to ensure that the marking scheme was interpreted and applied in the same way by all examiners.

It is hoped that this information will be of assistance to centres but it is recognised at the same time that, without the benefit of participation in the examiners' conference, teachers may have different views on certain matters of detail or interpretation.

WJEC regrets that it cannot enter into any discussion or correspondence about this marking scheme.

GCSE ENGLISH LITERATURE UNIT 1 FOUNDATION TIER

WINTER 2022 MARK SCHEME

GENERAL INFORMATION

Prior to on-screen marking

The first priority is for you to become thoroughly familiar with the material on which the question paper is based. Examiners are asked to go carefully through the examination paper and mark scheme prior to the actual marking process and to consider all questions on the paper. You are also required to mark about ten of each item in training mode. In this mode, you will be able to practise using the on-screen comment bank. Needless to say, a thorough knowledge of the texts themselves is the prime requirement of examiners.

Further guidance on the training process is issued separately.

Online marking

WJEC will be using a method of marking examination scripts known as e-Marker ® for this paper. Under this system, candidates' scripts are scanned and then transmitted to examiners electronically via the internet. Examiners mark on-screen; marked responses and marks are then submitted electronically.

- Examiners do not mark complete scripts. Instead, scripts are divided into segments by question (item) and are transmitted to examiners in this form.
- In terms of technical requirements, examiners participating will need a personal computer running on Windows Version 8 or later and a broadband internet connection. With an Apple Mac, a Windows emulator is required.
- For further details, please see the user guide available on e-Marker ® when you log on. Details of how to log on to the system and your username and password have been sent separately.

General Advice to Examiners

1. Familiarise yourself with the questions and each part of the marking guidelines.
2. Be positive in your approach; look for details to reward in the candidate's response rather than faults to penalise.
3. Ticks and summative comments at the end of each response should show how you have judged the quality of an answer. **All comments must be based on the assessment criteria for the examination and taken from the comment bank.** Remember that your mark at the end of the response must tally with the skills you have identified.
4. Tick points you reward, you are also required to include a summative comment at the end of the response and enter the mark. There must always be a comment at the end of each clip (including the poetry question). This should not simply echo the mark but indicate the salient features of the candidate's performance. These comments will be based on the criteria established by the Principal Examiner for this examination and taken from the comment bank.
5. You must tick at the end of the response to show all of the response has been seen.

Marking Problems

6. If for any reason you have particular problems in marking a response (e.g. unlikely interpretation, handwriting) you should follow the instructions for reporting a problem.
7. Please be mindful of wrong tier responses. The numbering of questions on the Higher tier and Foundation tier questions is different. A response that has an incorrect question number may well be a wrong tier response. In these instances, you should follow the instructions given out in your training for checking and reporting the problem. For Unit 1, the option to view the whole paper should be used to clarify the poems set for the poetry question as these will correlate with the tier.

Marking positively

8. Please approach the marking of scripts with an **open** mind and mark **positively**. All the questions provide opportunities for candidates to make informed, independent responses, and such opportunities need to be upheld in your marking. You must evaluate what is offered by the candidate, using the criteria, but without looking for what might have been presented or for what you might have written in the candidate's place. Some questions are relatively open, so it is particularly important in such instances that you are receptive to a range of responses and approaches.

Assessment Objectives

- AO1** Respond to texts critically and imaginatively; select and evaluate relevant textual detail to illustrate and support interpretations
- AO2** Explain how language, structure and form contribute to writers' presentation of ideas, themes and settings
- AO3** Make comparisons and explain links between texts, evaluating writers' different ways of expressing meaning and achieving effects
- AO4** Relate texts to their social, cultural and historical contexts; explain how texts have been influential and significant to self and other readers in different contexts and at different times

Assessment objective coverage and weightings in Unit 1

Assessment objective	Section A (extract)	Section A (essay)	Section B (poetry)
AO1	✓ (50%)	✓ (33%)	✓ (25%)
AO2	✓ (50%)		✓ (25%)
AO3			✓ (50%)
AO4		✓ (67%)	

In determining the appropriate mark band and fine-tuning to a specific mark for Section A (extract) you should give equal weight to AO1 and AO2.

In determining the appropriate mark band and fine-tuning to a specific mark for Section A (essay) you should give twice as much weight to AO4 as to AO1.

In determining the appropriate mark band and fine-tuning to a specific mark for Section B (poetry) you should give twice as much weight to AO3 as to AO1 and AO2.

Balanced responses

Candidates are expected to produce a balanced response to the unseen poetry comparison (Section B). Where responses are unbalanced, candidates will be self-penalising as they will not be able to access the higher bands of AO3. All examiners are provided with examples of balanced and unbalanced responses when marking is standardised, exemplifying how judgement is used.

'Best fit' marking

The work for this unit should be marked according to the assessment criteria using a 'best fit' approach. For each of the assessment objectives, examiners select one of the band descriptors that most closely describes the quality of the work being marked.

- Where the candidate's work *convincingly* meets the statement, the highest mark in that band should be awarded;
- Where the candidate's work *adequately* meets the statement, the most appropriate mark in the middle range of the band should be awarded;
- Where the candidate's work *just* meets the statement, the lowest mark in that band should be awarded.

Examiners should use the full range of marks available.

UNIT 1 – FOUNDATION TIER

UNIT 1: BAND CRITERIA

The following descriptions have been provided to indicate the way in which progression within the four criteria is likely to occur. Each successive description assumes demonstration of achievements in lower bands. You are asked to place work initially within a band and then to fine-tune using the marks within the band. It is recognised that work will not always fit neatly into one of the descriptions.

1 2

Write about **one** or **two** characters who you think experience loneliness in *Of Mice and Men*. Remember to support your answer with reference to the novel and to comment on its social, historical and cultural context. **[20]**

You may wish to think about:

	0 marks	Nothing worthy of credit.
Band 1	1-4 marks	Very brief, often simple narrative, with limited detail.

Some understanding of the kind of masculine world represented by the ranch may be shown.
Band 4	15-20 marks	Answers will show a secure knowledge of the text, with some discussion of specific events which show how Steinbeck uses some male characters to depict a bullying, physical world on the ranch. There may be some reference to vulnerable men such as Candy or Lennie, and to Slim who perhaps doesn't fit this stereotype. SECTION B

Both poets describe a wood.

Write about both poems and their effect on you. Show how they are similar and how they are different.

6	1
---	---

[20]

You may wish to include some or all of these points:

- the content of the poems – what they are about
- the ideas the poet may have wanted us to think about
- the mood or atmosphere of the poems
- how they are written – words and phrases you find interesting, the way they are organised, and so on
- your responses to the poems, including how they are similar and how they are different.

This question covers assessment objectives AO1 (25%), AO2 (25%) and AO3 (50%)

	0 marks	Nothing worthy of credit.
Band 1	1-4 marks	Very brief with limited comment on the poems, perhaps identifying the simple content as poems about a wood.
Band 2	5-9 marks	Probably brief, general responses on the poems with simple points of comparison made, such as the fairy-tale tone of the first and the power of nature evoked by the second. There should be some comment on basic content, such as what is being described in each poem.
Band 3	10-14 marks	There may be emerging discussion about the poems' content and awareness of mood, atmosphere and straightforward ideas, such as the sense of mystery evoked in both and references to animals in both. There will be some similarities and differences addressed, particularly about the general impression of appreciating nature common to both.
Band 4	15-20 marks	There is likely to be more focused discussion of the detail in the poems with some clear points of comparison. The use of language to show how mysterious and magical the wood is in the first may be considered, with some selection and highlighting of specific details. In the second poem, there may be some understanding of the way the poet addresses the wood as a person and senses some communication from it. For 18-20, candidates may show some appreciation of how ideas are conveyed through the poets' choice of language and imagery. Points of comparison will begin to focus on the poets' use of language as well as content.

Please note that the Higher Tier poems are different. If a candidate has answered on different poems, please use the 'wrong question' tool on e-Marker. Refer to the e-Marker training material for more information.
