Earth hazards

Fig. 1

A mass movement, North Yorkshire, April 2008

Ecosystems and environments under threat

Fig. 2

A cartoon about ecosystems and environments under threat

Climatic hazards

Fig. 3

Number of days in January 2010 with snow lying, compared to the average for that month

Key: Anomaly value indicates the number of days snow was lying, compared to the long term average for January.
Data for the United Kingdom only.

Population and resources

Fig. 4

Global pattern of population under age 15 years, 2012

Key:
population under
age 15 years by country

- 40 – 49%
- 30 – 39%
- 20 – 29%
- 10 – 19%
- no data

Global average =
27% population under age 15 years

Globalisation

Fig. 5

Political and economic groupings in North and South America

Development and inequalities

Fig. 6

The relationship between income per person and life expectancy

The size of each circle is proportional to the population size of the country it represents. Each country's circle is coloured according to the Geographic region in which it is located.

**Copyright Information**

OCR is committed to seeking permission to reproduce all third-party content that it uses in its assessment materials. OCR has attempted to identify and contact all copyright holders whose work is used in this paper. To avoid the issue of disclosure of answer-related information to candidates, all copyright acknowledgements are reproduced in the OCR Copyright Acknowledgements Booklet. This is produced for each series of examinations and is freely available to download from our public website (www.ocr.org.uk) after the live examination series.

If OCR has unwittingly failed to correctly acknowledge or clear any third-party content in this assessment material, OCR will be happy to correct its mistake at the earliest possible opportunity.

For queries or further information please contact the Copyright Team, First Floor, 9 Hills Road, Cambridge CB2 1GE.
