A Level

Mark Scheme for June 2022

OCR (Oxford Cambridge and RSA) is a leading UK awarding body, providing a wide range of qualifications to meet the needs of candidates of all ages and abilities. OCR qualifications include AS/A Levels, Diplomas, GCSEs, Cambridge Nationals, Cambridge Technicals, Functional Skills, Key Skills, Entry Level qualifications, NVQs and vocational qualifications in areas such as IT, business, languages, teaching/training, administration and secretarial skills.

It is also responsible for developing new specifications to meet national requirements and the needs of students and teachers. OCR is a not-for-profit organisation; any surplus made is invested back into the establishment to help towards the development of qualifications and support, which keep pace with the changing needs of today's society.

This mark scheme is published as an aid to teachers and students, to indicate the requirements of the examination. It shows the basis on which marks were awarded by examiners. It does not indicate the details of the discussions which took place at an examiners' meeting before marking commenced.

All examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated.

Mark schemes should be read in conjunction with the published question papers and the report on the examination.

© OCR 2022

MARKING INSTRUCTIONS**PREPARATION FOR MARKING**

1. Before the Examiners meeting:
 - examiners familiarise themselves with the QP, RB and Admin Powerpoint.
 - examiners login to RM Assessor3 at <https://ca.assessor.rm.com/> and access 'Familiarisation' and 'Marking'.
2. During the meeting:
 - Assistant Examiners discuss, with their Team Leader, the application of the Mark Scheme in the marking of five Practice Scripts.
 - it is important that the Mark Scheme, Question Paper and Resource Booklet for this unit are read and understood.
3. After the meeting, all Examiners login to RM Assessor3 and mark the **required number** of standardisation scripts.
 - 10 STANDARDISATION SCRIPTS MUST BE MARKED BEFORE EXAMINERS CAN BE APPROVED TO MARK LIVE SCRIPTS.

MARKING

1. Mark strictly to the Mark Scheme.
2. Marks awarded must relate directly to the marking criteria.
3. The schedule of dates is very important. It is essential that you meet the 50% and 100% deadlines. If you experience problems, you must contact your Team Leader without delay.
4. If you are in any doubt about applying the Mark Scheme, consult your Team Leader by telephone, email, or via RM Assessor3 messaging system.

5. Work crossed out:
 - a. where a candidate crosses out an answer and provides an alternative response, the crossed out response is not marked and gains no marks
 - b. if a candidate crosses out an answer to a whole question and makes no second attempt, and if the inclusion of the answer does not cause a rubric infringement, the assessor should attempt to mark the crossed out answer and award marks appropriately.
6. Always check the pages (and additional objects if present) at the end of the response in case any answers have been continued there.
 - if the candidate has continued an answer there then add SEEN or appropriate annotations to confirm that the work has been seen.
 - if the page is blank add the BP annotation.
7. There is an NR (No Response) option. Award NR (No Response)
 - if there is nothing written at all in the answer space
 - OR if there is a comment which does not in any way relate to the question (e.g. 'can't do', 'don't know')
 - OR if there is a mark (e.g. a dash, a question mark) which isn't an attempt at the question.

Note: Award 0 marks – for an attempt that earns no credit (including copying out the question).
8. The RM Assessor3 **comments box** is used by your Team Leader to explain the marking of the practice responses. Please refer to these comments and / or your own notes made at the Examiners meeting when checking your practice responses. **Do not use the comments box for any other reason.**

If you have any questions or comments for your Team Leader, use telephone, email or the RM Assessor3 messaging system.
9. Assistant Examiners will send a brief report on the performance of candidates to their Team Leader (Supervisor) via email by the end of the marking period. The report should contain notes on particular strengths displayed as well as common errors or weaknesses. Constructive criticism of the question paper/mark scheme is also appreciated.

Mark Scheme

June 2022

10. Annotations

Annotation	Meaning
	Used to denote that points had been seen and noted but mostly where credit was given
	Development of a point
	Evaluation
	Level 1
	Level 2
	Level 3
	Blank page
	Unclear or Indicates material for which there is no credit
	Significant amount of material which doesn't answer the question
	Omission
	Highlighting an issue e.g. irrelevant paragraph. Use in conjunction with another stamp e.g.  or 
	No place-specific detail
	Rubric error placed at start of response not being counted

11. Subject-specific Marking Instructions

INTRODUCTION

Your first task as an Examiner is to become thoroughly familiar with the material on which the examination depends. This material includes:

- the specification, especially the assessment objectives
- the question paper and its rubrics
- the mark scheme.

You should ensure that you have copies of these materials.

You should ensure also that you are familiar with the administrative procedures related to the marking process. These are set out in the OCR booklet **Instructions for Examiners**. If you are examining for the first time, please read carefully **Appendix 5 Introduction to Script Marking: Notes for New Examiners**.

Please ask for help or guidance whenever you need it. Your first point of contact is your Team Leader.

USING THE MARK SCHEME

Please study this Mark Scheme carefully. The Mark Scheme is an integral part of the process that begins with the setting of the question paper and ends with the awarding of grades. Question papers and Mark Schemes are developed in association with each other so that issues of differentiation and positive achievement can be addressed from the very start.

This Mark Scheme is a working document; it is not exhaustive; it does not provide 'correct' answers. The Mark Scheme can only provide 'best guesses' about how the question will work out, and it is subject to revision after we have looked at a wide range of scripts.

The Examiners' Meeting will ensure that the Mark Scheme covers the range of candidates' responses to the questions, and that all Examiners understand and apply the Mark Scheme in the same way. The Mark Scheme will be discussed and amended at the meeting, and administrative procedures will be confirmed. Co-ordination scripts will be issued at the meeting to exemplify aspects of candidates' responses and achievements; the co-ordination scripts then become part of this Mark Scheme.

In your marking, you will encounter valid responses which are not covered by the Mark Scheme: these responses must be credited. You will encounter answers which fall outside the 'target range' of Bands for the paper which you are marking. Please mark these answers according to the marking criteria.

Please read carefully all the scripts in your allocation and make every effort to look positively for achievement throughout the ability range. Always be prepared to use the full range of marks.

LEVELS OF RESPONSE QUESTIONS:

The indicative content indicates the expected parameters for candidates' answers, but be prepared to recognise and credit unexpected approaches where they show relevance.

Using 'best-fit', decide first which set of level descriptors best describes the overall quality of the answer. Once the level is located, adjust the mark concentrating on features of the answer which make it stronger or weaker following the guidelines for refinement.

Highest mark: If clear evidence of all the qualities in the level descriptors is shown, the HIGHEST Mark should be awarded.

Lowest mark: If the answer shows the candidate to be borderline (i.e. they have achieved all the qualities of the levels below and show limited evidence of meeting the criteria of the level in question) the LOWEST mark should be awarded.

Middle mark: This mark should be used for candidates who are secure in the level. They are not 'borderline' but they have only achieved some of the qualities in the level descriptors.

Be prepared to use the full range of marks. Do not reserve (e.g.) highest level marks 'in case' something turns up of a quality you have not yet seen. If an answer gives clear evidence of the qualities described in the level descriptors, reward appropriately.

Quality of extended response will be assessed in questions marked with an (*). Quality of extended response is not attributed to any single assessment objective but instead is assessed against the entire response for the question.

Question		Answer	Marks	Guidance
5	(c)	<p>With reference to <u>one LIDC case study</u>, explain opportunities for development created by global governance of <u>either</u> sovereignty <u>or</u> territorial integrity.</p> <p>Level 3 (6–8 marks) Demonstrates thorough knowledge and understanding of opportunities for development created by global governance of either sovereignty or territorial integrity. This will be shown by including well-developed explanations. The answer should include accurate place-specific detail.</p> <p>Level 2 (3–5 marks) Demonstrates reasonable knowledge and understanding of opportunities for development created by global governance of either sovereignty or territorial integrity. This will be shown by including developed explanations. The answer should include some place-specific detail which is partially accurate.</p> <p>Level 1 (1–2 marks) Demonstrates basic knowledge and understanding of opportunities for development created by global governance of either sovereignty or territorial integrity. This will be shown by including simple explanations. There is an attempt to include place-specific detail but it is inaccurate.</p> <p>0 marks No response worthy of credit.</p>	8 AO1 x8	<p>Indicative content AO1 – 8 marks</p> <p>Knowledge and understanding of opportunities for development created by global governance of either sovereignty or territorial integrity could potentially include:</p> <ul style="list-style-type: none"> • a national government working in co-operation with NGOs to achieve SDGs such as reduction in inequalities, higher school enrolment, health for mothers and children • the work of UN Missions, such as MUNISMA in Mali, to achieve stability by reducing terrorist activity, supporting the government in strengthening state apparatus, ensuring democratic elections, and in the case of Mali, restoring territorial integrity • the work of NGOs which promote and protect human rights, such as World Education Mali, which addresses educational barriers to literacy, or MSF in South Sudan • support of the World Bank for smallholder farmers and fishermen in gaining access to supply chains • fundamental work of the international NGO Water Aid specifically in order to achieve sustainable water supply and sanitation, such as in many urban and rural communities in Mali • the work of other UN agencies such as UNICEF, WHO and UNHCR in improving health for example in South Sudan

Assessment Objectives (AO) grid

Candidates answer question 1 and **either** question 2 **or** question 3 **and either** question 4 **or** question 5.

This has been considered in the totals indicated below.

Question	AO1	AO2	AO3	Marks
1a		2	1	3
1b		4	4	8
1c	6			6
1d*	8	8		16
Either 2*	8	8		16
Or 3*	8	8		16
Either 4a			4	4
4b		5		5
4c	8			8
Or 5a			4	4
5b		5		5
5c	8			8
Total	30	27	9	66

OCR is part of Cambridge University Press & Assessment, a department of the University of Cambridge.

For staff training purposes and as part of our quality assurance programme your call may be recorded or monitored. © OCR 2022 Oxford Cambridge and RSA Examinations is a Company Limited by Guarantee. Registered in England. Registered office The Triangle Building, Shaftesbury Road, Cambridge, CB2 8EA.

Registered company number 3484466. OCR is an exempt charity.

OCR operates academic and vocational qualifications regulated by Ofqual, Qualifications Wales and CCEA as listed in their qualifications registers including A Levels, GCSEs, Cambridge Technicals and Cambridge Nationals.

OCR provides resources to help you deliver our qualifications. These resources do not represent any particular teaching method we expect you to use. We update our resources regularly and aim to make sure content is accurate but please check the OCR website so that you have the most up-to-date version. OCR cannot be held responsible for any errors or omissions in these resources.

Though we make every effort to check our resources, there may be contradictions between published support and the specification, so it is important that you always use information in the latest specification. We indicate any specification changes within the document itself, change the version number and provide a summary of the changes. If you do notice a discrepancy between the specification and a resource, please [contact us](#).

Whether you already offer OCR qualifications, are new to OCR or are thinking about switching, you can request more information using our [Expression of Interest form](#).

Please [get in touch](#) if you want to discuss the accessibility of resources we offer to support you in delivering our qualifications.
