each year?

How many cars are imported to Bristol each year?

700,000 cars

What percentage of Bristol's population are non-white ethnicity?

What percentage of Bristol's population are non-white ethnicity?

16%

Name 3 impacts of migration in Bristol

Name 3 impacts of migration in Bristol

Migrants fill skills gaps & employment gaps

Increase cultural diversity, especially in food

St Paul's Carnival

Name a development in Bristol, and give reasons for and against it

Name a development in Bristol, and give reasons for and against it

Any from the following:

Bristol Rovers Football Club:

- 👍 Businesses can hire the conference rooms, so the stadium can become a local fixture
- 👎 Some people disagree with how much stadiums and football clubs cost to run

Cabot Circus Shopping Centre:

- 👍 Shopping centres use up derelict land and can reduce crime in areas, since gangs don't hang about the unused land
- 👎 Shopping centres attract shoppers away from the city centre, which will impact the high street.

High-tech Aircraft Industries:

- 👍 Tech industries offer good wages and regular salaries
- 👎 These companies contribute to global warming

Urban Greening

- 👍 Green spaces are important for minimising urban sprawl and air pollution, which improves locals' quality of life
- 👎 The cost of upkeep

Name three problems with Bristol's
growing city

Name three problems with Bristol's growing city

Dereliction

Waste & pollution

Housing Shortages

How is the government solving dereliction?

How is the government solving dereliction?

Dereliction - government gives grants to businesses to renovate derelict buildings

How is the government solving waste & pollution?

How is the government solving waste & pollution?

Waste & pollution:

50% of waste is recycled, areas of the city centre are pedestrianised, 40 charging points for electric cars

How is the government solving housing shortages?

How is the government solving housing shortages?

Developing brownfield apartments and
constructing larger greenfield houses.

Name an area of most and least deprivation in Bristol

Name an area of most and least deprivation in Bristol

Least Deprived: Stoke Bishop

Most Deprived: Filwood

State a fact to show the inequality between Filwood and Stoke Bishop

State a fact to show the inequality between Filwood and Stoke Bishop

Example:

56% of adults are overweight in Filwood, whereas only 37% are overweight in Stoke Bishop
