| Question | Maximum Mark | Mark Awarded | | | |
| Part A | 12 | | | | |
| Part B | 12 | | | | |
| Part C | 36 | | | | |
| SPaG | 4 | | | | |
| Total | 64 | | | | |

ADDITIONAL MATERIALS

Resource folder. You may also require a calculator and a ruler.

INSTRUCTIONS TO CANDIDATES

Answer all of the questions in this examination paper.

Use black ink or black ball-point pen. Do not use gel pen. Do not use correction fluid.

Write your name, centre number and candidate number in the spaces at the top of this page. Write your answers in the spaces provided in this booklet.

If additional space is required you should use the lined page(s) at the end of this booklet. The question number(s) should be clearly shown.

INFORMATION FOR CANDIDATES

The number of marks is given in brackets at the end of each question or part-question.

You are reminded that assessment will take into account your ability to spell, punctuate and use grammar and specialist terms accurately in your answer to Part C, Question 3(h).

Part A

Examiner only

Answer all parts of this question.

1. Students decided to investigate the impact of Boxpark in Croydon, London.

Boxpark has over 25 street food restaurants and bars, contained in an indoor and roof terrace space. It hosts live music, art and sport exhibitions. It opened in Croydon in 2016.

Students conducted a questionnaire of 50 people using Boxpark. They used a **systematic sampling** technique to select the people.

| (a) | | uate one strength and one weakness of a systematic sampling technique for this stionnaire in Boxpark. [4] |
|-----|------|--|
| (b) | peop | students used a Likert survey used as part of the questionnaire. A Likert survey asks ble to say how far they agree or disagree with a statement. Their results are shown in able on page 2 of the Resource Folder. |
| | (i) | Give two weaknesses of this Likert Survey. [2] |
| | | Weakness 1: |
| | | Weakness 2: |
| | (ii) | The students wanted to assess more impacts of Boxpark on people. Suggest two additional statements for the Likert survey. [2] Statement 1: |

(c) Use the table on page 2 of the Resource Folder to complete **Graph 1.1**.

Graph 1.1 – Questionnaire results investigating the impacts of Boxpark

(d) Study the table on page 2 of the Resource Folder and Graph 1.1. Tick (/) two correct conclusions. [2]

| | Tick (√) two |
|--|-----------------|
| Most people agree that Boxpark has brought social advantages, shown by large percentage of people who agree with the improved appearance and opportunities to socialize. | |
| Boxpark has been good for local businesses because, under 50% of people strongly disagree or disagree that Boxpark has had a positive effect on the local businesses. | |
| Under half the people asked thought that Boxpark has brought more job opportunities to the area. | |
| Most people asked thought that Boxpark has brought more job opportunities to the area. | |
| The environment has suffered because of Boxpark because 70% of people disagreed with the statement that Boxpark has improved the area. | |

Examiner only

Part B

Answer all parts of this question.

2. (a) A group of students decided to investigate cycles and flows using the town of Exmouth in south west England. Study Photograph 2.1 below.

Tick (/) two enquiry questions that could be chosen in an investigation of **cycles and flows** in Exmouth. [2]

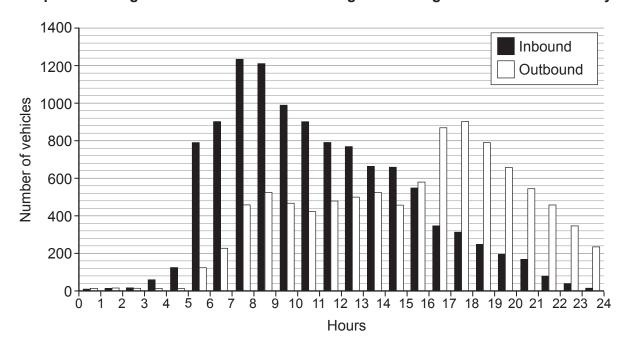

| Enquiry Question | | | | | | |
|---|--|--|--|--|--|--|
| How does the numbers of tourists vary through-out the year? | | | | | | |
| To what extent is Exmouth a tourist destination? | | | | | | |
| How do pedestrian numbers vary through-out the day? | | | | | | |
| How do the green spaces affect the well-being of Exmouth's residents? | | | | | | |
