Extracts for use with Section C.

Extract 1: From Michael Jordan, *The Great Abolition Sham*, published 2010.

The strongest argument for the abolition of the slave trade was economic. As Adam Smith had argued, free labour was cheaper and vastly more productive than slave labour. Without it the abolitionists made little impact on parliament for a very long time.

Wilberforce failed to persuade a majority of MPs to switch support away from the slave trade. Wilberforce focussed too much on the humanitarian and moral aspects of the trade. The economic case became more important as the war with France continued. 5

Wilberforce's influence on the abolition debate has been massively exaggerated. He can be credited for his incredible persistence in keeping abolition under consideration in parliament, but he failed to convince the doubters. Other parliamentary speakers proved to be far more persuasive on abolition than Wilberforce did, because they concentrated on what was important to most parliamentarians. This was not the suffering of Africans, but the economic benefits of abolition. 10 15

Extract 2: From Richard S. Reddie, *Abolition! The Struggle to Abolish Slavery in the British Colonies*, published 2007.

Wilberforce was a noted orator with few equals in parliament. In a three-hour speech he would demolish all moral, social and economic arguments for the slave trade point-by-point. He made it clear that the slave trade had a detrimental effect on Africa too. Wilberforce always refused to ridicule his opponents or portray them as evil, but instead portrayed them as misguided in their belief that the slave trade made moral or financial sense. 20

Most abolitionist politicians like Wilberforce and Fox believed firmly that the slave trade was immoral and unjust. Their parliamentary speeches were filled with passion due to the conviction that their cause was just. In comparison their opponents found it difficult to defend the slave trade. The slave-supporting MPs tended to appeal to the purse rather than the heart and pointed to the huge revenues made from the slave trade. Wilberforce steadily advanced his case and sought to make progress whether he was outvoted or not. 25
