February/March 2023

MARK SCHEME

Maximum Mark: 60

Published

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge International will not enter into discussions about these mark schemes.

Cambridge International is publishing the mark schemes for the February/March 2023 series for most Cambridge IGCSE™, Cambridge International A and AS Level components and some Cambridge O Level components.

This document consists of **85** printed pages.

Generic Marking Principles

These general marking principles must be applied by all examiners when marking candidate answers. They should be applied alongside the specific content of the mark scheme or generic level descriptors for a question. Each question paper and mark scheme will also comply with these marking principles.

GENERIC MARKING PRINCIPLE 1:

Marks must be awarded in line with:

- the specific content of the mark scheme or the generic level descriptors for the question
- the specific skills defined in the mark scheme or in the generic level descriptors for the question
- the standard of response required by a candidate as exemplified by the standardisation scripts.

GENERIC MARKING PRINCIPLE 2:

Marks awarded are always **whole marks** (not half marks, or other fractions).

GENERIC MARKING PRINCIPLE 3:

Marks must be awarded **positively**:

- marks are awarded for correct/valid answers, as defined in the mark scheme. However, credit is given for valid answers which go beyond the scope of the syllabus and mark scheme, referring to your Team Leader as appropriate
- marks are awarded when candidates clearly demonstrate what they know and can do
- marks are not deducted for errors
- marks are not deducted for omissions
- answers should only be judged on the quality of spelling, punctuation and grammar when these features are specifically assessed by the question as indicated by the mark scheme. The meaning, however, should be unambiguous.

GENERIC MARKING PRINCIPLE 4:

Rules must be applied consistently, e.g. in situations where candidates have not followed instructions or in the application of generic level descriptors.

GENERIC MARKING PRINCIPLE 5:

Marks should be awarded using the full range of marks defined in the mark scheme for the question (however; the use of the full mark range may be limited according to the quality of the candidate responses seen).

GENERIC MARKING PRINCIPLE 6:

Marks awarded are based solely on the requirements as defined in the mark scheme. Marks should not be awarded with grade thresholds or grade descriptors in mind.

GENERAL INSTRUCTIONS**Applying the Mark Scheme**

- When marking a response the overall criteria to be considered should be – ‘How good is this response to this question?’
- The ‘Level Descriptor’ should be used to decide the Level into which the quality of the answer fits.
- Exhaustive lists of possible facts are not given in the mark scheme, as there is often a choice of factual knowledge that candidates may use.
- **WHERE EXAMPLES OF RESPONSES ARE GIVEN, THESE ARE NOT PRESCRIPTIVE, BUT ARE INTENDED AS A GUIDE.** It is not possible to cover every possible type of response within a levels of response mark scheme and examiners are expected to use their professional judgement at all times in ensuring that responses are placed in the correct levels and given an appropriate mark within that level.
- Marking must be positive. Marks must not be deducted for inaccurate or irrelevant parts of answers. In itself, poor use of historical terminology, spelling, grammar or handwriting does not affect the mark. The overall quality of the answer to the question should be judged.
- If a candidate reaches a particular level s/he must be rewarded with a mark within that level. It is not necessary to work through the levels.
- The full range of marks should be used. Do not be afraid to award full marks or no marks. Failure to do this will seriously affect the distribution of marks. Be prepared to reward candidates who show any level of understanding. The mark scheme starts from basic acceptable response. Where a band of marks is indicated for a level these marks should be used with reference to the development of the answer within that level.

Question	Answer	Marks	
1(b)	Why was Piedmont important to Italian unification?	6	
	Level 4 Explains TWO reasons		6
	Level 3 Explains ONE reason (Four marks for one explanation, five marks for full explanation) e.g. ‘Piedmont was important to Italian unification because in the Second Italian Independence War of 1859 it defeated the Austrians and took over parts of Italy that had been under Austrian rule such as Lombardy. At the same time, it also took over parts of central Italy such as Tuscany. This began the process of the unification of Italy and so this was why Piedmont was so important. It led the whole process.’		4–5
	Level 2 Identifies AND / OR describes reasons (One mark for each identification/description) e.g. ‘It was led by Cavour who was essential to Italian unification.’ ‘It was the largest and strongest state in Italy and the only one that could lead unification.’ ‘It took over Lombardy and other parts of Italy in 1859–60.’ ‘It defeated Austria in 1859.’ ‘In 1860 Piedmont defeated the Papal army and the Neapolitan army.’ ‘Victor Emmanuel was proclaimed king of Italy in 1861.’ ‘Piedmont was the strongest state in Italy because it industrialised first.’		2–3
	Level 1 General answer lacking specific contextual knowledge e.g. ‘Piedmont was very important to Italian unification because it helped the process a lot.’		1
Level 0 No evidence submitted or response does not address the question	0		

Question	Answer	Marks
1(c)	<p>'The greatest obstacle to Italian unification was Austria.' How far do you agree with this statement? Explain your answer.</p>	10
	<p>Level 5 Explains with evaluation of 'how far' 10 As Level 4 plus evaluation.</p>	
	<p>Level 4 Explanation of both sides 7–9</p> <p>A L4 answer will have a minimum of three explanations (2 on one side; 1 on the other.) This will be worth a mark of 7. Fuller explanation of one issue to be given two marks. An answer which only has one explanation on one side of the argument cannot be awarded more than 8.</p>	
	<p>Level 3 One sided explanation OR one explanation of both sides 5 to 6 marks 4–6</p> <p>More detailed explanation of one issue to be given two marks.</p> <p>e.g. 'Austria was clearly the biggest obstacle to unification. Much of Italy like Lombardy and Venetia belonged to Austria and these parts of Italy were valuable. Austria was determined to keep them. Austria controlled Lombardy and Venetia and it built military bases across its Italian territories to keep down revolutionary groups. Metternich was determined to prevent Italy being weak and this was popular in Austria, where Catholics did not want the Pope to be threatened.'</p> <p>OR</p> <p>e.g. 'I think the biggest obstacle was the divisions between Italians. Many in the south of Italy did not feel they had anything in common with states in the north like Piedmont, they did not feel 'Italian'. Some Italian states were unsure about unification because they saw it as a way of Piedmont taking over the whole of Italy. Those in favour of unification were also divided over the kind of united state they wished to produce. Some like Mazzini were republicans while others such as Cavour wanted the united Italy to be a monarchy. These divisions did not help the cause of unification.'</p>	
	<p>Level 2 Identifies AND/OR describes 2–3</p> <p>One mark for each point.</p> <p>e.g. 'Austria saw a united Italy as a threat to itself.' 'Metternich was determined to prevent unification.' 'In 1848 and 1849 Austria defeated Charles Albert on the battlefield.' 'Austria would not give up its territories in Italy without a fight.' 'Austria had to be defeated on the battlefield in 1859.' 'Austria had a powerful army.' 'Disagreements between Cavour and Garibaldi were a problem.' 'Some Italians wanted a republic, while others wanted a monarchy.' 'The Pope was an important obstacle to unification.' 'Many Italian states were worried that unification would lead to domination by Piedmont.' 'North and south Italy had little in common.'</p>

Question	Answer	Marks	
2(b)	Why was Germany not unified in 1848–49?	6	
	Level 4 Explains TWO reasons		6
	Level 3 Explains ONE reason (Four marks for one explanation, five marks for full explanation) e.g. ‘The main reason why Germany was not unified was the failure of the Frankfurt Parliament. It was drawing up a constitution for a unified Germany but took far too long. There were many disagreements in the Parliament over what should be in the constitution. Eventually, it offered the imperial crown to Frederick William IV of Prussia but he turned it down. This was the end of any hope of a unified Germany.’		4–5
	Level 2 Identifies AND / OR describes reasons (One mark for each identification/description) e.g. ‘The Frankfurt Parliament failed.’ ‘The Frankfurt Parliament was just a talking shop.’ ‘The most powerful German states did not support unification.’ ‘Frederick William IV defeated the revolution in Berlin.’ ‘The Austrian army crushed the revolution in Vienna.’		2–3
	Level 1 General answer lacking specific contextual knowledge e.g. ‘This did not happen because there was not enough support for it.’		1

2(c)	'The defeat of France in 1870 was the most important step in the unification of Germany.' How far do you agree with this statement? Explain your answer.	10
	Level 5 Explains with evaluation of 'how far' As Level 4 plus evaluation.	10
	Level 4 Explanation of both sides A L4 answer will have a minimum of three explanations (2 on one side; 1 on the other.) This will be worth a mark of 7. Fuller explanation of one issue to be given two marks. An answer which only has one explanation on one side of the argument cannot be awarded more than 8.	7–9
	Level 3 One sided explanation OR one explanation of both sides marks More detailed explanation of one issue to be given two marks. e.g. 'I think that the defeat of Austria in 1866 was more important. Austria's defeat in 1866 meant that it lost control of Germany and that Prussia was now leader of Germany. This was shown by the fact that the Bund was replaced by the North German Confederation that was dominated by Prussia. Prussia was then in a position to lead the unification of Germany which was what Bismarck had wanted.' OR 'The defeat of France was also crucial because the south German states might ally with France. Bismarck needed something that would finally unify all the German states. A common enemy would do this and France was that enemy. In the war all the German states fought together against France. The defeat of France meant that there was nothing to stop complete unification and shortly after the war the German Empire was proclaimed.'	5 to 6 4–6
	Level 2 Identifies AND/OR describes One mark for each point. e.g. 'The defeat of Austria made Prussia the leading country in Germany.' 'The defeat of France meant there was nothing to stop unification.' 'The defeat of Denmark was an important step to unification.' 'Prussia appeared to be a champion of nationalism by defeating Denmark in 1864.' 'The Zollverein helped create economic unification.'	2–3

3(b)	Why was the decision in the Dred Scott case of 1857 important?	6	
	Level 4 Explains TWO reasons		6
	Level 3 Explains ONE reason (Four marks for one explanation, five marks for full explanation) e.g. ‘The Dred Scott decision was important because it increased the tension between the North and the South. The Supreme Court said that Dred Scott’s stay in Illinois did not make him free. Northerners were worried that this would lead to the South expanding slavery into free states, which horrified them.’		4–5
	Level 2 Identifies AND / OR describes reasons (One mark for each identification/description) e.g. ‘The North saw it as a conspiracy by the Slave Power.’ ‘It stated that black Americans could not have the same rights as white citizens.’ ‘It caused more divisions between the North and the South.’ ‘It stated that slaves were the property of slave owners.’ ‘It stated that the Missouri Compromise legislation was unconstitutional.’ ‘It meant that Congress had no power to prevent the spread of slavery.’ ‘The decision outraged abolitionists.’		2–3

3(c)	The most successful aspect of Reconstruction was the Freedmen’s Bureau.’ How far do you agree with this statement? Explain your answer.	10
	Level 5 Explains with evaluation of ‘how far’ As Level 4 plus evaluation.	10
	Level 4 Explanation of both sides. A L4 answer will have a minimum of three explanations (2 on one side; 1 on the other.) This will be worth a mark of 7. Fuller explanation of one issue to be given two marks. An answer which only has one explanation on one side of the argument cannot be awarded more than 8.	7–9
	Level 3 One sided explanation OR one explanation of both sides 5 to 6 marks More detailed explanation of one issue to be given two marks. e.g. ‘The Freedmen’s Bureau had many successes. It provided food, housing and medical care for ex-slaves, as well as schools and legal advice. It also helped them to settle on land that was confiscated during the war. The ex-slaves faced great challenges once they were free and the Bureau helped them start their free lives. It did a lot to educate the ex-slaves by building schools and colleges so that they could have careers.’ OR ‘The Freedman’s Bureau was not a successful part of Reconstruction. This was because it was not given enough money or staff. The people working for it were often attacked by white people in the South, especially the Ku Klux Klan. They saw it as an outside organisation interfering with the lives of Southerners. It had little success in redistributing land to ex-slaves and most of the land was restored to the original owners. It was dismantled in 1872 and so was not around long enough to do much good.’	4–6
	Level 2 Identifies AND/OR describes One mark for each point. e.g. ‘It built schools and colleges for ex-slaves.’ ‘It gave ex-slaves legal advice.’ ‘It helped ex-slaves start their new lives as free people.’ ‘It built hospitals and provided medical aid.’ ‘It was opposed by many people in the South.’ ‘Its workers were attacked by organisations like the Ku Klux Klan.’ The election of black Americans to Southern governments was more important.’ ‘Military rule in the South was more effective in bringing about change.’	2–3

	Level 5 Explains with evaluation of ‘are you surprised’ 10 As Level 4 plus evaluation.	
	Level 4 Explanation of both sides 7–9 A L4 answer will have a minimum of three explanations (2 on one side; 1 on the other.) This will be worth a mark of 7. These payments would make it very difficult for Germany to recover after the war. Germans did not understand why they were being punished so harshly when they believed they had not even lost the war, which was ended with an armistice.’ OR e.g. ‘I am surprised Germans were so upset. Western countries were also worried that Saddam Hussein would not stop there and would seize the oil fields of Saudi Arabia, which were the biggest in the world. The USA and other countries went to war to protect their supplies of oil.' OR e.g. 'I do not think that oil was the main reason. Saddam wanted Iraq to become the most powerful country in the Gulf.
