INSTRUCTIONS TO CANDIDATES

Use black ink or black ball-point pen. Do not use pencil or gel pen. Do not use correction fluid.

Write your name, centre number and candidate number in the spaces at the top of this page.

Answer all questions on the examination paper.

Write your answers in the spaces provided in this booklet. If you run out of space, use the additional pages at the back of the booklet, taking care to number the question(s) correctly.

INFORMATION FOR CANDIDATES

The number of marks is given in brackets at the end of each question or part-question.

Question 5 will assess your ability to construct a balanced, reasoned and well-substantiated extended narrative response.

Answer all questions.

QUESTION 1

Look at Sources A, B and C which show developments in public health and housing over time and answer the question which follows.

Source A

[Housing in the 17th century]

Source B

[Housing in the 19th century]

Source C

[Housing in the 20th century]

Use Sources A, B and C to identify one similarity and one difference in developments in public health and housing over time. [4]

QUESTION 2

Study Sources D and E below and answer the question which follows.

Source D

[A cartoon entitled *Vaccination* showing Edward Jenner feeding babies into a beast. It appeared on the front page of an anti-vaccine pamphlet published in 1802]

Source E

The Daily Mail's campaign to boost the uptake of vital jabs has the potential to be lifesaving and should be applauded. One of the most effective tools for keeping us all safe is a simple and free jab – it can save the life of a child.

[Professor Stephen Price, medical director for the NHS, quoted in an article in the *Daily Mail* newspaper in October, 2019]

PMT

Which of the two sources is the more reliable to an historian studying attempts to prevent illness and disease over time?	only
[In your answer you should refer to the content and authorship of the sources and use your own knowledge and understanding of the wider historical context.]
