Q1.

|  |  |  |  |  |  |  |  |  |  |  |  |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- |
|  |  |  |  |  |  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |  |  |  |  |  |

On the grid, enlarge the shape with a scale factor of 2

M1.

| Answer | Mark | Additional Guidance |
| :---: | :---: | :--- |
| (Enlargement) | 2 | B2 cao <br> (B1 for 2 lines correct, or correct enlargement sf 3) |
| Total for Question: 2 marks |  |  |

E1. This question was generally well answered with most candidates scoring at least one mark and around $63 \%$ of the candidates scoring both marks. Of those who gained one mark for correctly enlarging at least two of the sides this was usually for the two vertical sides. A common error was to make the length of the base 5 units instead of 6 or make the roof only one square high.
