Q1. The table gives information about the number of goals scored by a football team in each match last season.

| Number of goals | Frequency |
| :---: | :---: |
| 0 | 4 |
| 1 | 5 |
| 2 | 4 |
| 3 | 7 |
| 4 | 4 |

(a) Write down the modal number of goals scored.
$\qquad$
(b) Work out the total number of goals scored by the team last season.
$\qquad$

The table below gives information about the results of the matches played by the football team.

| Result | Frequency |
| :--- | :--- |

| Won | 10 |
| :---: | :---: |
| Drew | 6 |
| Lost | 8 |

(c) Draw an accurate pie chart to show this information.

M1.

|  | Working | Answer | Mark | Additional Guidance |
| :---: | :---: | :---: | :---: | :--- |
| (a) |  | 3 | 1 | B1 cao |
| (b)$0 \times 4+1 \times 5+2 \times 4+3 \times 7+4$ <br> $\times 4=50$ | 50 | 2 | M1 for $f x$ calculated (could be <br> implied by at least 2 correct) <br> A1 cao |  |
| (c)$360^{\circ} \div 24=15$ <br> Sector angles: $\mathrm{W}=150 ; \mathrm{D}=90 ;$ <br> L=120 | Angles <br> drawn, <br> labelled | 3 | M1 for $360 \div 24$ or 15 seen or one <br> angle correct in pie chart ( $\pm 2^{\circ}$ ), <br> lignore all labels, or one correct <br> angle in the table <br> A1 for any two angles correct in pie <br> chart. Ignore labels <br> A1 for fully correct and labelled pie <br> chart <br> All angles $\pm 2^{\circ}$ |  |

## \#\#

This was not well answered. In part (a) many candidates gave 4 as the modal number of goals scored, possibly reading the modal frequency. In part (b) many candidates added the figures from a column, this could have been the number of goals column, giving a common incorrect answer of 10 or the frequencies column giving an incorrect total of 24 . When candidates realised that they should multiply the number of goals scored by the frequencies errors still occurred in the arithmetic with $440=\times$ and $1244=\times$ being seen often. The pie chart was again poorly answered. Whilst some candidates could calculate the angles required, they could not draw them accurately. Too few candidates showed working out for this question.
