## A-level PSYCHOLOGY

Paper 1 Introductory topics in psychology

Friday 19 May 2023

Morning

#### Materials

For this paper you may use:

a calculator.

#### Instructions

- Use black ink or black ball-point pen.
- Fill in the boxes at the top of this page.
- Answer all questions.
- You must answer the questions in the spaces provided. Do **not** write outside the box around each page or on blank pages.
- If you need extra space for your answer(s), use the lined pages at the end of this book. Write the question number against your answer(s).
- Do all rough work in this book. Cross through any work you do not want to be marked.

#### Information

- The marks for questions are shown in brackets.
- The maximum mark for this paper is 96.
- Questions should be answered in continuous prose. You will be assessed on your ability to:
  - use good English
  - organise information clearly
  - use specialist vocabulary where appropriate.

### Time allowed: 2 hours

Memory
Answer <b>all</b> questions in this section.
Two groups of participants took part in a memory experiment. The researcher read 20 words to the participants.
<ul> <li>Participants in Group A had to write down the words immediately after they had heard them.</li> </ul>
<ul> <li>Participants in Group B had to write down the words after they had read a book for one minute.</li> </ul>
The researcher noticed that:
<ul> <li>participants in Group A generally recalled words from the beginning and the end of the list</li> </ul>
<ul> <li>participants in Group B generally recalled words from the beginning of the list only.</li> </ul>
Outline what is meant by standardisation <b>and</b> suggest <b>one</b> way standardisation could have been used in this experiment.
[2 marks]
Outline what is meant by randomisation and suggest one way randomisation could
have been used in this experiment. [2 marks]

06	Explain the results of this experiment with reference to the multi-store model of memory. [4 marks]	Do not write outside the box

box

Ryan is a 14-year-old boy who spent the first five years of his life in care.

Ryan has a difficult relationship with his adoptive parents and has few friends. His recent school report described him as achieving below average in most subjects. Ryan has also recently been in trouble with the police for antisocial behaviour.

Discuss Bowlby's theory of maternal deprivation. Refer to Ryan in your answer.

[16 marks]

	Section D
	Psychopathology
	Answer <b>all</b> questions in this section.
	Dave wants to achieve what he thinks of as the perfect body and will often visit the gym up to three times a day. He finds it difficult to concentrate in the office as he is constantly thinking about his next workout. Even though his friends tell him he looks great, Dave worries his body shape is inferior compared to the other men at the gym.
1	Briefly outline the deviation from ideal mental health definition of abnormality. Refer to
	Dave in your answer. [4 marks]
	Extra space

1 2	Another way of defining abnormality is failure to function adequately.	Do not write outside the box
	Evaluate the failure to function adequately definition of abnormality. [5 marks]	
	Extra space	
1 3	Patients with depression were asked to keep a daily diary of their experiences as part of their therapy. Two researchers analysed the same extracts from the diaries using content analysis.	
	What is content analysis? [1 mark]	

1 4	Explain <b>one</b> way in which the researchers could have used content analysis to analyse diary extracts in this investigation. [2 marks]	Do not writ outside the box
1 5	The two researchers' analyses of the diary extracts were found to be quite different. Explain how the reliability of this content analysis could be improved. [4 marks]	

	One of the diaries included the following extract:	Do not write outside the box
	'Managed to drag myself out of the house yesterday but wished I hadn't. Went to the shop but dropped my change at the till. Everybody knew I was useless. Why can I not do anything right? No one else I know does such stupid things.'	
1 6	Ellis proposed an ABC model of depression. Outline and evaluate the ABC model of depression. Refer to this diary extract in your answer.	
	[8 marks]
