

GCE AS/A level

1201/01

GEOGRAPHY G1 CHANGING PHYSICAL ENVIRONMENTS

P.M. THURSDAY, 24 May 2012 $1\frac{1}{2}$ hours

ADDITIONAL MATERIALS

In addition to this examination paper, you will need one 12 page answer book.

INSTRUCTIONS TO CANDIDATES

Use black ink or black ball-point pen.

Answer all questions.

Write your answers in the separate answer book provided.

Write your name, centre number and candidate number in the spaces at the top of the answer book.

INFORMATION FOR CANDIDATES

Each question carries 25 marks.

The number of marks is given in brackets at the end of each question or part-question.

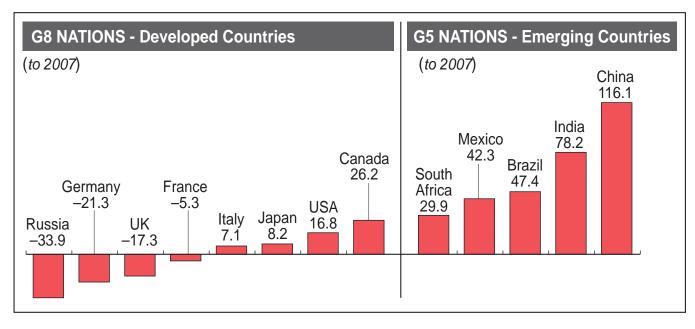

You are reminded that assessment will take into account the quality of written communication used in your answers.

THIS PAPER REQUIRES THAT YOU MAKE THE FULLEST POSSIBLE USE OF APPROPRIATE EXAMPLES IN SUPPORT OF YOUR ANSWERS. SKETCH-MAPS AND DIAGRAMS SHOULD BE INCLUDED WHERE RELEVANT.

Answer all questions.

Make the fullest possible use of examples in support of your answers.

Figure 1: Percentage change in greenhouse gas emissions for selected countries, 1990-2007

Source: adapted from www.allvoices.com

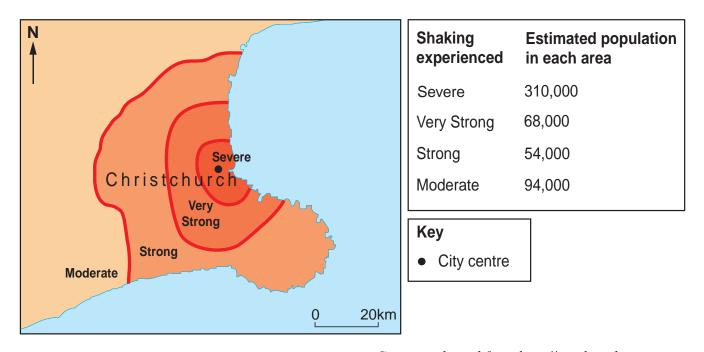

1201 010003

PMT

(a) Describe the changes in greenhouse gas emissions shown in Figure 1. [5]
 (b) Outline how human activities have caused changes to greenhouse gas emissions. [10]
 (c) Outline the relationship between climate and one or more biomes. [10]
