MARK SCHEME for the October/November 2010 question paper

for the guidance of teachers

0625 PHYSICS

0625/52

Paper 5 (Practical), maximum raw mark 40

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

• CIE will not enter into discussions or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the October/November 2010 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

	Page 2		Mark Scheme: Teachers' version	Syllabus	Paper
			IGCSE – October/November 2010	0625	52
1	(a)	[1] [1] [1]			
	(b)	More that Sensible V calcula	two values given for <i>w</i> <u>or</u> <i>t</i> an two values given for <i>w</i> <u>and</u> <i>t</i> e values for <i>w</i> and <i>t</i> ation correct method to 2 or 3 significant figures and unit 5–1.5		[1] [1] [1] [1] [1] [1]
	(c)	Centre o	of mass at 50 cm mark/midpoint/middle (wtte)		[1] [Total: 10]
2	(a)	$ heta_{ m r}$ sensib	ble value		[1]
	(b)-	Tabl Tabl	s, θ in °C rect <i>t</i> values le 2.1 temperatures decreasing le 2.2 temperatures decreasing dence of temperatures to 1°C		[1] [1] [1] [1] [1]
	(e)	Justified	nt matches readings by reference to readings ison given of changes in temperature with numbers		[1] [1]
	(f)	Constan Carry ou	from: tarting) temperature (wtte) t room temperature/draughts (wtte)/environment/pla it in same time intervals/duration ermometer (wtte)	ace	
			ume of water/location of thermometer/beaker/'temp sponses, –1 for each <u>additional</u> incorrect (ignore 'ne		[2]
					[Total: 10]
